

- Mention the author's name

## Conclusion:

- Restate your thesis. Mention the author's last name again.
- Briefly summarize your supporting ideas.
- Share any additional thoughts, but be objective. Do not simply praise the author in a meaningless way. Include:
  - a critical judgment (strengths and weaknesses) OR
  - the importance of the author's idea and your response to the reading OR
  - insights into the author's beliefs, attitudes, or purpose for writing as you now understand them
