

Cheryl Stewart – Nursing

Informal writing assignment on “Understanding Orem”

In-class Instructions:

We have been learning about the Orem and the Nursing Process now for the past month. In your own words, describe to a friend (who is not in nursing) how the model works. What is the purpose of using the model? What is the sequence of the steps? What do the various terms mean? Try to make it as clear as possible. This should be at least one page, but no more than two. You have 30 minutes to do this. Once the time is over, we will read some of the submissions out loud in class and discuss them.
